

Peaceful Warrior Training Group

For Your Congregation, Customers and Employees

Violence in our places of worship, where we shop and enjoy our free time violates our basic freedoms. Our action against perpetrators and their horrific acts must be smart and effective. PWT partners with leaders, managers, staff and other stakeholders to prevent, prepare for, and respond to incidents. Most importantly, PWT will work with you to alleviate risk and potential tragedies.

“You never want to have anything bad happen, but if something does, you want to be prepared”

Mayor Steve Scaffidi
City of Oak Creek
