

For Hospitals/Medical Facilities, Professional Offices,  
City/State Government Sites

# Peaceful Warrior Training Group

## Proactive Training for your Employees, Patients and Visitors

Violence that strikes our workplaces, hospitals and essential service providers assaults the foundation of our civil society. Our action against perpetrators and their horrific acts must be smart and effective. Peaceful Warrior Training Group (PWTG) partners with administrators, staff and other stakeholders to prevent, prepare for, and respond to incidents. Most importantly, PWTG will work with you to alleviate risk and potential tragedies.

Smart.  
Effective.  
Life-saving.

### Peaceful Warrior Training

for hospitals/medical facilities, professional offices, and city/state government sites includes training for:

- Hospitals, clinics, surgery centers, mental health offices/complexes, and other medical facilities
- Professional office buildings, suites, floors and departments
- Government public service providers that are small and contained or expansive

# TRAINING CLASSES – Expertise and Experience

- **Preventative Planning: Hear Something, Say Something** What to do when an employee or student hears planning of an act of violence.
- **Active Shooter: Prepare and Respond** How to prepare for an incident and how best to respond during shooter violence.
- **When Run and Hide Are Not Options** Learn powerful techniques and tools to act when necessary.
- **Total Self Defense Tactics** Fear management strategies and how to respond to a variety of physically violent scenarios.
- **Active Shooter First Aid** How to effectively treat yourself and others before professionals arrive.

## **PWTG EXCLUSIVE: ‘Treat and Go’ Training Medical Kits**

These products can save lives when the worst happens. Those who purchase PWTG medical kits can receive hands-on training to use quickly and effectively. These kits are available to you:

**Common Area/Large** – Capacity to quick-treat multiple victims.

**Department, Work Area/Medium** – For quick access in a concealed location and where victims seek shelter.

**Personal/Small** – For personal carry by an employee.

**Active Shooter Kit** – Provides key survival tools during an active shooter incident.
