

There is simply little or no room for misunderstanding in an emergency situation...

it's crucial that responders communicate before an event happens.

## ACTIVE SHOOTER INCIDENT MANAGEMENT

The Active Shooter Incident Management (ASIM) Basic is a 4-hour introductory course demonstrating the ASIM Check-list integrated response process to law enforcement, fire, and EMS responders in three (3) hands-on functional exercise scenarios, enabling response practice while improving comprehension and retention.

The course addresses:

- The ASIM Checklist process
- Staging
- Tactical and Contact Teams
- Casualty Collection Points
- Triage & Rescue Task Forces
- Transport & Ambulance Exchange Points

*Counterstrike™ Professional Training System is a revolutionary tabletop training tool that is simple to learn, easy to use and readily portable. Counterstrike™ utilizes uniquely crafted, accurate scale, collapsible environment boards which provide a global view by all training participants.*

The validated **Active Shooter Incident Management** focuses on speed. The faster the threat is neutralized and bleeding wounded are rescued, the more lives are saved.

All stakeholders will gain specific methods to integrate response through simulated scenario practice.
